Email: cjim57256@gmail.com

Phone: +7 901 666 07 25

Work Experience

iiko Sep 2025 - Aug 2026

Junior Backend Developer

- Developed and maintained backend SaaS systems for online ordering and payment processing.
- Implemented REST APIs and API contracts between frontend and backend services.
- Worked with Git, pull requests, code review, and integrations between cloud and on-premises services.

Academic & Personal Projects 2024 - 2026

Frontend Development

- Built user interfaces with JavaScript/TypeScript and React; used Redux for application state management.
- Integrated frontend applications with REST APIs using Fetch/Axios, including loading states and error handling.
- Created responsive HTML/CSS/SCSS layouts using Flexbox, CSS Grid, and media queries.

Education

Immanuel Kant Baltic Federal University 2022 - 2026

Bachelor's degree in Information Security (10.03.01)

Specialization: Organization and Technology of Information Protection

Interests

Travel, languages, jazz
